

April 26, 1976

Mr. Joseph M. Fay
658 W. Nichols
Springfield, Missouri 6580

Dear Mr. Fay:

On a recent occasion, surveillance and enforcement personnel from this office investigated a complaint and found a substance resembling paint or a similar substance had apparently been disposed of in front of your residence. This office has no way of knowing who might be responsible.

Let me advise you that if this spillage is due to any activities on your part, that this constitutes violation of City, State, and Federal Laws. The laws contain severe penalties for the discharge of oil or petroleum products. This office maintains periodic surveillance throughout the corporate limits of the City, and will watch this area closely. If the discharge described is not due to any activity on your part, you can help significantly by reporting any such activities immediately to this office.

If we may be of any assistance or can answer any questions, please do not hesitate to call.

Yours truly,

Robert Corson
Water Pollution Control Inspector III
Surveillance & Enforcement
